

THE SIGNALS NETWORK
the whistleblowers foundation

Thank you for your donation!

The support of caring individuals like you means the world to us. Thanks to you, we will be able to protect whistleblowers who have provided major revelations on wrongdoing and corruption to the press. In 2022, we also are expanding our work to empower Big Tech workers to know their rights and to speak out if they see wrongdoing, and to change laws to better protect those who do speak out for the public good.

Your donation is fully tax-deductible in the United States. For your records, our EIN is 82-2614925.

To stay informed about our work, please subscribe to our monthly newsletter.

Thanks again,
The Signals Team
